A PRIVATE COLLECTION

Modern Residences In An Ecological District

Nine coastal boutique buildings are designed so that every residence opens to panoramic views of the sea and city skyline. The atmosphere here is one of spaciousness and privacy — with private pools, green courtyards, and expansive terraces.

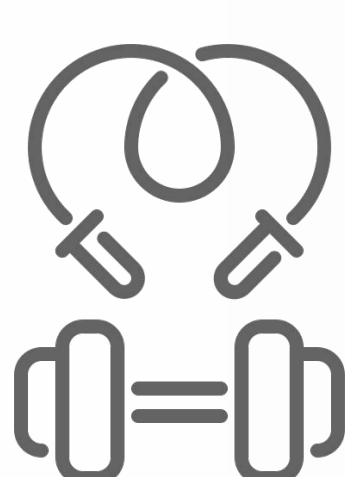

Residences are crafted from natural materials with contemporary finishes. Open layouts, floor-to-ceiling glazing, and organic textures create a sense of modern luxury.

Nearby are beaches, La Mer, world-class boutiques and restaurants, and Downtown Dubai is only minutes away.
